Military Police Offer Safe Ride Home

The 6th Area Support Group Provost Marshal's Office provides the Safe Ride Home program to lessen the likelihood of alcohol-related traffic accidents. Service members, Department of Defense employees and family members who feel they have had too much to drink, while at any on-post club, can call the military police station and request a ride to their on-post quarters. The desk sergeant will send the next available patrol and no record of the requestor's name or address will be made. MPs will not transport personnel from their quarters to the club and callers are asked to be patient. Additionally, the patrols will ensure the member's vehicle remains at the club unless there is a sober driver to take everyone home. For a safe ride home call 430-5262/civ. 0711-680-5262.

December is "3D" Prevention Month

December is National Drunk and Drugged

Driving Prevention Month. Those who intend to drink alcohol need to plan on how they will be getting from one place to another.

Using a designated driver, taking public transportation, calling a taxi or walking are all good alternatives to driving after consuming alcohol. Even small amounts of alcohol can cause impairment. If you drink, don't drive.

The Stuttgart Army Substance Abuse Program offers Drunk and Drugged Driving prevention training. To arrange this training or obtain training materials call Jeffrey Whitesell at 431-2743/civ. 07031-15-743.

Remember Fire Safety During Holidays

6th Area Support Group Fire and Emergency Services personnel ask occupants in government housing to be especially concerned about fire safety during the holiday season.

They offer several life saving tips for residents including immediately evacuating the building through the nearest safe exit, alerting others and directing them away from danger, closing doors to confine the fire, activating the fire alarm, moving well away from the building, calling the U.S. Army Fire Department at 117/civ. 0711-680-117 from a safe distance and remaining outside the building until permitted to return. For more info call 421-6192/civ. 0711-722-86-192.

Official Cell Phones Can Cost Plenty

U.S. government-owned cell phones should only be used to contact key personnel when conventional communication channels are unavailable. Accessing the Internet and calls to a spouse, doctor and the childcare center are not authorized. Calls from DSN phones to cell phones are also limited to official use only as they incur a cost.

Receiving personal international calls on a government cell phone creates roaming charges and is prohibited. Most importantly, discussing classified information on a cell phone is unauthorized as the calls are easy to monitor.

Government-owned cell phones must be procured through the telephone ordering officer and not with a government credit card. For more info contact your unit telephone control officer.
